

# HAWKEYE

SAFETY

Hawkeye Safety works with construction and general industry clients nationwide to provide professional safety staffing, consulting, and training services throughout the United States. Hawkeye Safety is rapidly expanding and currently seeking exceptional workers to join our team of dedicated safety professionals. We offer full-time and part-time employment with competitive compensation, growth opportunities, professional development, and benefits. Compensation based on experience and qualifications.

The job will be for an immediate posting for a large scale construction project in the DC area. Upon conclusion of the project, the employee may be retained out of our corporate office in Bel Air for additional opportunities. Position may require travel to jobsites, predominantly in the Mid Atlantic region

**Job Description:** Responsible for the planning, organizing, and coordinating of the company health and safety program, and site-specific safety plan. It is expected that employee will be responsible for maintaining clear communication with field staff and management. Candidates local to the Baltimore/DC Metro Area preferred.

### **Key Responsibilities:**

- Ensuring compliance with Federal, State, Client and Property Owner safety requirements
- Preparing Job Hazard Analyses
- Conducting documented safety inspections of work activities
- Performing daily safety meetings
- Assisting in Incident Case Management to control OSHA recordables and lost time injuries
- Conducting near-miss, accident and incident investigations
- Ensuring the proper use of PPE
- Basic Safety Training
- Reporting to project management as requested

### **Preferred Education, Experience and Qualifications:**

- Must be able to meet physical requirements, including the ability to climb ladders, negotiate construction work sites, and lift up to 50 lbs.
- Valid drivers license
- OSHA 30hr
- Minimum 3-5 years direct safety experience
- Knowledge of safe work practices, OSHA reporting and regulations.
- Excellent oral and written communication skills.
- Record keeping and injury management skills
- First aid & CPR certification
- Competent Person Training for fall protection, confined spaces, scaffolding, silica, etc. (Preferred)
- OSHA 500 (Preferred)

This position is contingent to the award of the contract.

Hawkeye Safety is an Equal Employment Opportunity Employer. Minorities, Women, Disabled and Veterans are encouraged to apply.
