PRESIDENT'S MESSAGE

Greetings National Capital Chapter members,

I hope the shortest month of the year has treated you well! Soon, but perhaps not soon enough, Spring will be here, we'll change our our cold stress slides for information on heat stress, and we'll finish out yet another year of chapter meetings.

And what a year it's been! We have been able to take advantage of some great meeting topics and tap into the knowledge of some fantastic presenters.

For our upcoming meeting in March, it's your turn to bring the expertise to the table. Our annual peer-to-peer round table discussion on Current Safety and Health Issues is taking place on March 20 from 11:30am to 1pm at Miller and Long in Bethesda. No matter what industry in which you work, bring your questions, your ideas, and your experiences to the table, and enjoy FREE BBQ while we discuss current issues and learn from each other. This is one of my personal favorites, and I'm excited to share this opportunity with you.

Please remember that the Mid-Atlantic Construction Safety Conference is our chapter PDC and will be held April 23, 2019. The slate of speakers has been posted and we are currently looking for volunteers and additional sponsors. We hope you will attend as there is something for every professional at this conference!

Finally, please begin to send in your nominations for the 2019 NCC SPY Award. Additional details are included on our website and in the Chapter Updates link below.

As always, please check out our upcoming events and job opportunities below and on our website, and as always please send us your questions and feedback.

I look forward to seeing you at the next meeting!

Matt Law, MPH, CSP, REHS/RS
National Capital Chapter President
